WORK EXPERIENCE

Cencora

FP&A Intern

- One-month FP&A placement for Alliance Healthcare France, covering budget preparation, variance analysis and reporting for the France region

Paris, France

Sep 2026

Financial Conduct Authority

Summer Associate – Supervision: Mainstream Consumer Credit Lending

- Produced internal analysis on UK credit card APR trends using macroeconomic and product-level data from 2006–2026; presented findings to senior leadership to support strategy and enquiry responses
- Analysed regulatory submissions, complaints, arrears and APR data across 6 consumer credit firms, producing briefings that shaped firm engagement and regulator-to-regulator discussions, notably with the Federal Reserve
- Assessed Consumer Duty evidence across 4 live cases — Fair Value, Customer Understanding, outcome monitoring, complaints, governance and promotions sign-off — identifying 14 evidence gaps escalated for targeted supervisory follow-up

London, United Kingdom

Jun 2026 – Aug 2026

WorldQuant

Research Consultant

- Designed and back-tested quantitative trading signals on US and Chinese equity universes, integrating accounting ratios, return momentum, volatility filters and z-score normalisation; submitted 22 live signals
- Achieved Sharpe ratios above 2.0 and ranked Top 20 in the UK by WorldQuant, earning consultant designation
- Published research combining microstructure dislocation signals with fundamental profitability anchors in the Southampton Finance Journal

Southampton, United Kingdom

Apr 2025 – Jul 2026

GE Healthcare

Finance Intern – Tool and Calibration Centre

- Modelled equipment failure probabilities using Weibull distributions and analysed supplier contracts, informing supplier renegotiations and calibration-interval decisions across EMEA and identifying €20,000+ in potential savings
- Built automated Power BI dashboards (DAX) replacing manual supplier performance and cost tracking across the EMEA Calibration Centre; presented findings to the Director of International Services Delivery

Buc, France

Jun 2025 – Jul 2025

EXTRACURRICULAR ACTIVITIES

University of Southampton Finance and Investment Society

Head of Investing

- Co-led strategy, events and initiatives for a 300+ member student finance society, growing membership 3x year-on-year
- Drove the society to a top-4 shortlisting out of 250+ university societies for Society of the Year
- Co-founded the Southampton Investment Fund and led a team of 15 analysts as Head of the Commodities Desk

Southampton, United Kingdom

Sep 2025 – Jun 2026

Southampton Finance Journal

Editor-in-Chief and Co-Founder

- Managed a 5-person editorial team and a 5-member academic advisory board to publish 30-page issues averaging 2,500+ views
- Contributed research to 6 issues, including a GLP-1 sector review, a Disney sum-of-the-parts valuation and a 15-page gold and silver trade report

Southampton, United Kingdom

Sep 2025 – Jun 2026

Basis: Learn Finance & Markets

Founder and Developer

- Built and shipped an iOS finance-education app solo in React Native, TypeScript and Expo with a Supabase backend, now live on the Apple App Store
- Delivered 86+ lessons, interactive quizzes and a daily market simulation based on real historical episodes, converting 5% of App Store impressions into downloads

Gif-sur-Yvette, France

Jul 2026

Independent Research

Learning-by-doing projects

- Authored 11 independent research papers across macroeconomics, equity markets and fixed income using Python-based modelling and econometric techniques, including a cointegration and ARDL study of macro drivers of the French equity market
- Built a US bond market stress index using UMAP and Hidden Markov Models on yield-spread data, achieving 97% classification accuracy

Southampton, United Kingdom

Sep 2024 – Present
